

May 28, 2015 Draft Parks Minutes

1. Called meeting to order 5:05PM

All board members present: Wendy Arace, Colleen Gometz, Pam Ameden, Kelly Pajala, Susie Wyman.

Guest present: Richard Dale

2. No additions or deletions

3. Walk-thru of Barker/Morris properties with Richard Dale

4. Feedback on plans of grant application for the Barker/Morris properties.

- Does the grant have money available to survey the properties?

- We are in favor of grading, seeding and keeping the Barker section mowed, lawn-like, regularly. If people want to park here they can without it actually being designed & looking like a parking area. Boulders can be used to designate access to and from this area and away from the neighbor's property.

- Cut bushes back for access through to the Morris section of the property, wide enough for the mower.

- Block entry from Route 11 to the Morris property using boulders. Extra trees are not necessary.

- Is there money in the grant to revive the existing flowerbeds on the Morris property?

- Field-mow the section by the existing flowerbeds.

- We are not in favor of designated trails, benches or signage.

- We are in favor of planting a stand of milkweed for Monarch butterflies.

- Is there money in the grant for additional plantings for other pollinators?

- After a survey is completed and after we have feedback from the neighbors (Carltons) we will weigh-in on the vegetative screening & boulders in that area.

5. Moved (Pam) 2<sup>nd</sup> (Wendy) Minutes of May 21,2015 were approved.

6. Moved (Susie) 2<sup>nd</sup> (Wendy) approved spending approximately \$100 for the Dog Park Rules sign.

7. Meeting adjourned 6:25PM
