July 30, 2007

James Twitchell
Town Clerk-Treasurer
100 Old School Street
South Londonderry, VT 05155

Dear Mr. Twitchell:

Enclosed is a copy of the report on our inspection of the Williams Pond Dam on July 13, 2007.

The inspection was conducted under provisions of 10 VSA, Section 1105. The dam is considered to be in poor condition. A recommendation to retain a professional engineer qualified in dam safety to evaluate the dam is found in the report.

Future repairs or modifications to the dam require an Order issued in accordance with 10 V.S.A. Chapter 43.

If you have any questions or need assistance, please contact me.

Sincerely,

Stephan Bushman, P.E.
Dam Safety Engineer
